OPTION 1

Classic Crimson

Deep Navy primary + Charcoal nav. Off White — warmer than pure white, better for long-read pages. Deep Crimson accent: gravitas without aggression.

DEEP NAVY	CHARCOAL	OFF WHITE	DEEP CRIMSON
#0F2E5A	#1A2330	#F5F7FA	#A61C2E

WHAT WE BUILD

Core Services

VIEW ALL →

01	Tunnel Construction	Railway and road tunnel excavation, rock support, waterproofing and concrete lining.	→
02	Bridges & Viaducts	Elevated railway structures and major river crossings across challenging terrain.	→
03	Roads & Highways	National and state highway construction across India.	→
04	Government Projects	CPWD, NHAI and state PWD registered contractor. Class A credentials across 12 states.	→

Deep Navy #0F2E5A
Primary brand colour. Engineering authority and government trust.

Charcoal #1A2330
Nav and dark elements. Adds depth without competing with the navy.

Off White #F5F7FA
Warmer surface than pure white. Easier on the eye for content-heavy pages.

Deep Crimson #A61C2E
Darker than signal red — gravitas without aggression. CTAs and accent only.

OPTION 2

Midnight Amber

Deeper midnight blue primary. Graphite secondary. Cool White — slightly blue-tinted, reads as precise and technical. Amber = engineering gold standard.

MIDNIGHT BLUE	GRAPHITE GREY	COOL WHITE	AMBER ACCENT
#0B1F3A	#2E3440	#EEF2F6	#D98E04

04	Government Projects	CPWD, NHAI and state PWD registered. Class A credentials across 12 states.	→

Midnight Blue #081F3A
Deeper and more technical than standard navy. Used by Nordic infrastructure firms.

Graphite Grey #2E3440
Warm dark grey. Nav background and secondary text. Pairs well with the amber.

Cool White #EEF2F6
Blue-tinted white — crisper and more technical-feeling than warm white.

Amber Accent #D98E04
Engineering gold standard. More refined and warmer than safety amber. CTAs only.

OPTION 3

Slate & Burgundy

Blue Grey primary — quieter, more architectural than navy. Light Grey surface. White as contrast zone. Muted Burgundy = senior government & PSU brand language.

04	Government Projects	CPWD, NHAI and state PWD registered. Class A credentials across 12 states.	→

Dark Blue Grey #1F2A44
Architectural and restrained — closer to AECOM and Arup's brand language than standard navy.

Light Grey #D9DEE5
Concrete aggregate tone. Surface colour that references the material of construction.

White #FFFFFF
Used for the services section — high contrast zone within an otherwise muted palette.

Muted Burgundy #8B1E2D
Deeper than signal red. Senior government and PSU brand language. Prestige over energy.
